

### 2012 CLONE 777 PINOT NOIR - ESTATE VINEYARD

## VINEYARD

The Heart & Hands Estate vineyard is situated on the Onondaga Limestone Escarpment. Vinifera grapes flourish in the presence of calcareous limestone-based soils, which provide the vines with a solid foundation for growth. The vineyard is sustainably farmed without the use of any herbicides or insecticides. The vineyard is planted to seven Dijon clones of Pinot Noir, which are evenly distributed across the upper, middle and lower vineyard blocks.

## VINTAGE

The 2012 was simply spectacular for Pinot Noir. A mild winter and unseasonably warm 80° March temperatures caused a record early budbreak. Warm weather continued through summer leading to the earliest harvest on record. The 2012 vintage is the first release of Pinot Noir grown on our Estate vineyard. In this vintage, we crafted 4 different Pinot Noirs from our estate fruit, and the Clone 777 Estate Pinot Noir is one of these selections.

#### WINEMAKING

The grapes were hand picked in multiple passes over the course of several weeks to allow each clone of Pinot Noir to be harvested at optimal ripeness. After carefully hand-sorting the grapes, the wine was whole-cluster fermented in one-ton bins for 13 days. The grapes were gently basket pressed and transferred into French oak barrels for 18 months of aging.

#### ABOUT CLONE 777

Clone 777 was brougth to the United States in 1987. The original vine plant material was derived from the historic vineyards of Jean-Marie Ponsot's Clos de la Roche in the village of Morey-St. Denis. Clone 777 typically has medium sized grape clusters and berries. It typically produces wines of strong aging potential with intense aromas, a ripe, juicy black fruit core, and medium tannins.
